Science Week and Science Mania

This week the children celebrated Science Week with a special visit from a Jurassic Science Workshop. The children had the opportunity to explore a wide range of fossils formed millions of years ago including this dinosaur head! On Tuesday 28th March Science Mania will be delivering an assembly at 2.45pm to children to introduce them to a new science club which we will be running in the summer term. The club will run for 5 weeks and cost £38. Andy, from Science Mania will be staying behind after school to tell parents about the club and sign children up who would like to do it.

Accelerated Reader

We are now in our 4th week of using Accelerated Reader to encourage children to read more independently. Children have already taken 689 quizzes. Fifteen children have will be receiving their own book as an award for getting 85% or more in six quizzes. With this newsletter you will also have received a letter which will provide you with login in details for Renaissance Home Connect. This allows you to login and see which books your child has read and how well they have done with their quizzes. It is a great way of talking to your children about the books they are reading and encouraging them to read every day for 20 to 30minutes. We are running Accelerated Reader Workshops for parents on Thursday 23rd March at 9.00am and 4.45pm.

Fundraising for Lepira

On Tuesday we had a special assembly about Lepira which is a charity that the school council selected to fundraise for. Lepira is an international charity that fights against disease, poverty and prejudice. Letters have gone out (Years 2-6) explaining what the charity does coupled with a sponsorship form where you (parents/carers) can donate to help. Any donation would be greatly appreciated as it does support millions of people in affected areas.

Save the Date for the EASTER EGG HUNT – Saturday 25 March 12-2pm – we will be requesting your lovely savoury bakes along with your outstanding cakes as we will be hunting over lunch.
