

Dear Year 3 parents and carers,

Welcome to Year 3!

We have had a lovely time settling in with the children and we have been so impressed with them; they have shown such a positive attitude to their learning and all seem so happy to be back at school. We have outlined our curriculum plan for the Autumn term 1 below:

Reading

Within Reading lessons we will learn different reading strategies across the term. These include clarifying, inferring, making connections, evaluating, summarising and asking questions about a variety of text.

This term we are reading: Tiny: Invisible World of Microbes and Stone Age Bone Age.

Writing

This term we are learning how to write a warning tale and providing children with the key skills they need to write their own independently. Children will also have a chance to allow their imaginations to flourish when taking part in a WOW Week!

Maths

During this term we are exploring place value and number sense followed by addition and subtraction. We will be practising our 2, 3, 5, 8 and 10 times tables throughout.

History

This term we will be exploring the Stone Age to the Iron Age. Children will learn all about humans who lived during these times, their way of life and comparing this period of history with others they have learnt about.

Religious Education

We will be learning all about Sikhism and the Khalsa.

Physical Education

Throughout this term we will be focusing on basketball and general fitness activities.

PSHE

In PSHE we are looking at rights, rules and responsibilities.

Science

We are learning all about animals including humans! Children will have the opportunity to take part in exciting experiments and will be focussing on the 'Working Scientifically' skill of planning experiments.

We look forward to working closely with you and your children this year to ensure that every child has a fun and successful time in Year 3!

Kind Regards

Miss Hill, Mr Ershan and the rest of the Year 3 team.
