

Dear Year 2 parents and carers,

Welcome to Year 2! We hope that you have all had lovely and restful summer breaks. The children have settled really well into their new classes and are getting used to the new routines. Please find below an outline of our curriculum for the first half of the autumn term.

English

In English this half term the children will be learning about *Journey stories*. They will be learning to orally retell the model text using story maps and actions. The children will be thinking about the structure and language features of stories, with a particular focus on character description and dialogue. We will be working on their use of adjectives to add description to their sentences. The children will then be planning, writing and editing their own journey stories.

Maths

In Maths, we will be learning about:

Numbers within 100 - The children will be identifying how many tens and ones there are in a 2-digit number (place value); comparing and ordering numbers; as well as reading and spelling numbers written as words.

Addition and subtraction of 2-digit numbers - We will be working on the mental recall of addition and subtraction facts, number bonds and the children will be using objects and number lines to support their calculations.

The children will also have short maths meetings on most days, where quick oral maths skills will be covered.

Science

Our Science topic for this half term is *Plants*. The children will be learning about the stages of growth, the parts of a plant and the conditions needed for successful germination and growth.

History

Our History topic this term is *Changes to Alexandra Palace*. The children will find out about the history of Alexandra Palace, including the changes to the Palace following the two fires. They will consider the changing uses of the Palace and its grounds over the past century. We are hoping to organise some visits to Alexandra Palace over the term, to help bring the topic to life.

PSHE

In PSHE we will be thinking about *Diversity and Communities*. The children will be developing their sense of personal identity and self-worth, as well as considering and respecting the needs and views of others. They will learn about different groups and cultures within their class community and about the importance of identifying and challenging stereotypes.

PE

This half term, the children will be developing their *Throwing and Catching Skills* in our games sessions. PE will happen on Mondays (Moore) and Tuesdays (Hepworth). Please ensure they bring their PE kit on this day. **Swimming** takes place on Thursdays (Hepworth) and Fridays (Moore). Please ensure that your child has the appropriate swimming kit for this day.

Art

We will be finding out about our class artists (Henry Moore and Barbara Hepworth) and using their

work as inspiration for our own. Additionally, the children will be focusing on developing their drawing and sketching skills.

Computing

The children will be developing their touch-type skills. They will be using a specialised program, which will enable the children to practise using the keyboard, as well as working on quickening their speed. By the end of this unit, most of the children should be more assured at using a keyboard, which will support them in future computing units.

Music

Year 2 will be composing their own rhythms using rhythm sentences and learning how to notate this rhythm. They will start to recognise the characteristics of different instruments and their families.

Library

Each class will have fortnightly library sessions. This is an opportunity for the children to spend some time browsing the books and swapping their "free choice" reading book. The library is also open during lunchtimes should children wish to change their book more frequently. Hepworth's library session is every other Thursday, whilst Moore class goes every other Friday.

Homework

Homework letters will be uploaded to Google Classroom each week on a Friday. This term we are focusing on spelling and quick recall of number facts. Spelling challenge tasks place on a Friday. Please encourage your child to practise their spellings daily. Guided reading books are changed every Friday. Please ensure your child brings their book back to school in order to be able to take home their new book. Please support your child by discussing the homework tasks with them and if you are unsure please do not hesitate to contact your child's teacher.

Trips

Year 2 will be visiting the National Gallery this half term. This trip will take place on Thursday 13th October. Further details will follow soon.

Introduction to Year 2 Meeting

An introductory meeting will take place next Monday (12th September 2022) at 3.45pm. During this meeting we will give you an overview of the routines and curriculum that we will be exploring in Year 2. This meeting will be led by Jenny Vincent (Phase Leader) and members of the Year 2 team.

Kind regards

Year 2 Team
Josh Mattocks and Karishma Hauzaree

khauzaree.309@lgflmail.org

josh.mattocks@campsbourne.haringey.sch.uk (N.B. Mr Mattocks will not be responding to emails until he returns to work)

We are in the process of setting up an email address for Ms Rahana Hassan which will share with you next week.
