5.00p.m.-6.00p.m.	EXTENDED ENERGY Video Games, Quiz Challenges, Documentary.				

"Children are designed, by natural selection, to play. Wherever children are free to play, they do."

The plan of the Summer Holiday Club at Campsbourne School has been developed to engage and entertain your children while educating them and keeping them active with aesthetic play, sports, exercising, different types of art & many other activities.

Children can freely choose which group they would like to join and in which activity they want to participate, by registering themselves in the morning or before the activity begins.

Our staff will deliver all the information needed around every single activity and will offer support and structure, ensuring our Play Centre stays true to its purpose.

Children can always explore and experiment following their own inspiration and ideas, use their creativity and develop their imagination. Our equipment is available throughout the day.

A very important principle of our Club is to encourage kids to interact with their peers, to socialise, make new friends outside of their usual friendship circle and enhance their social skills along the way, developing values such as **Generosity, Kindness, Respect, Patience and Self-Confidence**.
