Dear Eco Warriors,

Firstly, I want to say sorry that I had not received your letter and that you had to go to the newspaper. Well done for not giving up!

I was really happy to hear about your campaign and very sad to hear all the bad things you spoke about seeing. No one should have to see the things you have reported. It's disgusting!

I really want to meet with you to find out more. Maybe if your teachers would help, you can show me some of the horrible things outside and around your school.

We do have signs reminding people to clean up after their dogs and not to leave rubbish on the floor. But they are really boring and maybe you can design better signs?

Sadly, the people who are doing these bad things are old enough to know better!

I am going to need your help to show the people who are doing this how much it's upsetting you. In another primary school they made a video. Maybe this is something you might want to do.

When we meet, we can come up with loads of great ideas to make things better!

Thank you so much for campaigning on this really important issue. I can't wait to meet you.

Best wishes,
