Dear Parents & Carers,

We are writing with a further update on the building improvement works at Campsbourne Primary School.

On a positive note, we're addressing the boundary fencing works as an immediate priority and aim to resolve issues affecting the pavement closure at the earliest available opportunity.

We fully understand the frustration and inconvenience these ongoing works have caused the local/wider school community.

The council has recently appointed a new contractor, Mulalley, to oversee the remainder of the project at your school and we're liaising with them to resolve the outstanding tasks in the quickest timescale possible. We'll be able to provide a full update in the coming weeks.

We anticipate the balance of incomplete works will commence in June 2023 and be completed over the course of the summer holiday period.

We sincerely apologise for the delay and readily appreciate the challenges for the school staff, children and parents through this time.

We can assure you we are working closely with the school's senior leadership team to mitigate any further prospective disruption.

Yours sincerely,

Haringey's Project Team.
