Criteria for 30 Hours Free Child Care

The additional 15 hours will be available to families where both parents are working (or the sole parent is working in a lone parent family), and each parent earns, on average, a weekly minimum equivalent to 16 hours at national minimum wage (NMW) or national living wage (NLW), and less than £100,000 per year¹. Working will include employed and self-employed persons. Parents do not necessarily need to actually work 16 hours a week, but rather their earnings must reflect at least 16 hours of work at NMW or NLW, which is £107 a week at the current NMW rate. This includes those parents on zero contract hours who meet the criteria.
